第24話 フォルテ

So...
you even set up e berrier using magic,
whet did you and Kazuma do?
We did whet needed to be done inside the room,
thet's ell.
What!
Do you and Kazuma really heve that kind of relationship?
I don't believe you.
What does that mean?
What do you think?
You're free to interpret it however you want.
whether you believe it or not doesn't matter.
Doesn't matter,
!!

Wait, you!
Should have been about 2 years
Heh?
Having met Kazume,
ebout 2 years have pessed since then.
When we first met.
Kezume hed e murderous aura surrounding him.

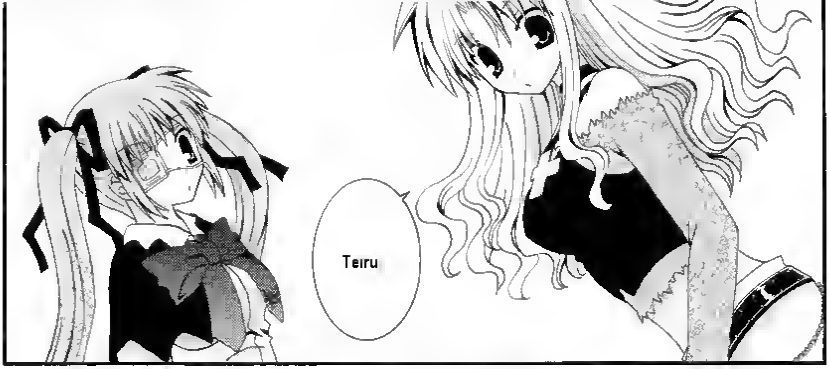
He rediated e feeling...
that felt like
"if you dere talk to me I'll kill you."
Why is she bringing this up...
But,
.....?
different from his eppearence
or maybe he was e late-bloomer, his innocenee makes one astounded
I told you! When you speak to others face them
On the contrery...
if you relentlessly try to talk to him,
thet etmosphere will quickly disappear
Hey Kazuma
What?

so I unintentionally mixed in some lies
They are not delivered by the crane?
Oh?
Children are born after kssing
Did you know?
I couldn't take it, so I taught him common knowledge and how to read and write
and upon seeing him believing everything without question, I thought it might be fun
He hes a bit of a childish personality, and some basic common knowledge was unknown to him
Adding to the fact that he had little contact with others since youth,
I found a horn beetle in the bathroom
That's a cockroach not a horn beetle
also why do you look so happy?
He didn't believe everything anymore and questioned everything
Sorry, I said it wrong
Kids are born after sleeping while holding hands
That's also a lie
Forte!
You lied! Kids aren't born after kissing!
But as he understood more
He developed the habit where he was skeptical and questioned every little detail,
あはは～
Seeing such a fun reaction, and adding on the later sexual harrasment, this caused his current exaggerated reactions
So Kazuma's skepticism and reaction to sexual harrassment was all caused by this girl
compared to before has changed alot, but still has a hard to get close to feeling,
white hair and red pupils, along with a scary expression,
No matter where, his first impressions will be bad, leading him to be isolated
.....
Kazuma,

But after speaking with him, you'll see that he's normal, not speciel in eny way, right?
And will take good care of others,
if you request something from him, he'll complain a lot, but he'll still accept without any opinions of his own,
He doesn't want to hurt others, so he doesn't get close to strengers,
But is very lonely and wants others by his side no matter who it might be
むっ
What is she doing,
is she bragging about how close the two of them ere?
And?
So whet ere you trying to say?
So those who have met and don't avoid him, and take the initiative to get closer,
He will not refuse them and wholeheartedly accept them.
Those wierd people who have such e relationship with Kazume, to date, I am the only one.

Kazuma will unconditionally treesure those who have accepted him
But no matter who you ere,
Kezume did not tell me who you are,
I also do not know who you are, why you are with him,
So,
no matter what you must never
hurt or betrey Kazume

she gives people an uncommon feeling of opression!
Really,
That's good
What does this girl want to do,
What! I don't need you to tell me,
I wouldn't do that kind of thing!
Huh?
Teiru wouldn't do something like that,
Teiru will definately not hurt Kazu-kun
There is also that magic,
what is this girl's identity
OKAY!



Teiru

Teiru will protect Kazu-kun,
even though Teiru is not very strong, but will still protect him

Also,
if someone wants to bully Kazu-kun,

クス
True,
Just now when I was punishing Kazuma,
You were sincere in attacking.
Well, regarding this I don't have to worry about you guys,
The one I should worry about,
あら
I wouldn't have thought of it
is the one whose thoughts and schemes
cannot be gleaned, that one.

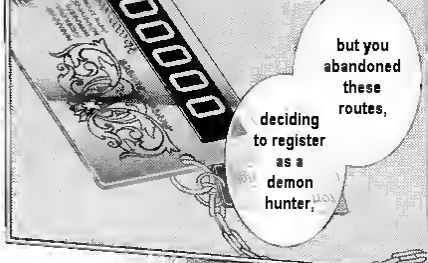
Kotori -chan.
You actually said somathing so unraasonabla.
I also wouldn't hurt Kazuma-san!
Bacausa I raally lika Kazuma-san
With your kind of parsonality, who would ballava you
.....
You're welcome
Forgat it,
I'll taka that as tha truth for now
Than, thank you vary much
Raturning?
Of couse, can't you see I am very busy?

Really sorry,
cen I trouble you for e bit of your time?
You're in my way.
Can you please move?
Thenk you very much
.....
Alright
My name is Kotori Sakurai,
I em e student in the seme class as Kazuma-san.
I went to start over
We didn't properly introduce ourselves,

Please give me edvice,
genius that hes an IQ of 250, end a Ph D
es well es one of the world's top 5 magicians,
Ms Forte Van Floral
Huh?

What you just gave was not your full name right?
You found this out in such a short time? That isn't an easy feat
I didn't think you were such a politically and socially influential person, this really causes others to feel shocked
There's still more...
At a mere 5 years old finished all of the school's curriculums,
Possessing high intellect and exceptional magical power, known to be the greatest genius magician since the founding of this country,
and since childhood worked under and contributed greatly to established government research institutions
future employment opportunities were assured by central government authorities

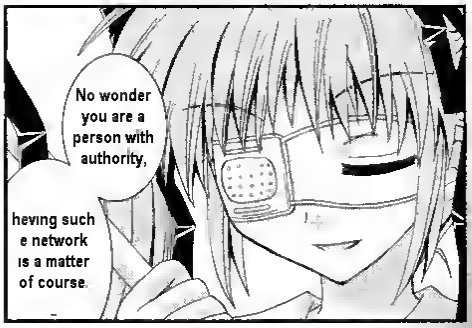
What about it,
did I guess right?



but you abandoned these routes,
deciding to register as a demon hunter,

being able to find out so much,
sure couldn't be easy
Thanks for the praise

becoming the highest class of demon hunter, en S-rank demon hunter,
and becoming world-renowned
but for an unknown reason, resigned from being a demon hunter 2 years ago,



No wonder you are a person with authority,
heving such e network is a matter of course

and vanished without e trace from then on

Kotori Luminasteed Licross
Because it was changed too much, so I wasn't aware of it,
トーリ
You are...
chairman of the third demon hunter acadamy "LICROSS" right?
Since being assigned,
very rarely makes a public appearance.
e mysterious cheirman

I...
How did I know about you?
How did you
.....
チーン
am very atteched to money
this thing called money, is different from people, it will not betray or cause trouble
most of the time it has a huge amount of power, end is much more useful than people
And I, in order to make money have ventured many cereers,
weapons merchant, megical weepon development, doctor, phermacist etc
sometimes can come ecross large amounts of information,

When breaking into a certein databese to gather data in the pest,
coincidentally within this data I sew e photo of you,
e very small one, and it wasn't very cleer,
en intelligencel thief(spy),
Huh?
13 yeers ago,
e picture of your marriage ceremony with the previous chairmen
Kotori-chen!
You're merried?
Mar... marriage ceremony?

13 yeers ago, married the previous chairmen of the third demon hunter ecedemy,
end 2 yeers ago, he died passed away due to illness,
efter which she succeeded him
you're her friends and you don't know this?
She,
13 yeers ego I know that Kotori wes older than me but how old exactly
end what really makes me taken aback is that there is actually a guy willing to merry a girl like Kotori
this is what is known as a sparrow becoming a phoenix
I also know some other things,
cen I say it here?
It would be best if you didn't say it.

having investigated other's pasts,
not randomly talking to others about it would be best...
True,
Huh, what...
feels like Kotori lost?
.....
Excuse me for a sec...
Teiru?
Almost forgot

This is for you,
a little gift
Huh, thanks
She still does stuff without considering the situation
?
What's this?
!
Pochi?
Huh?

ガッ
アッ
!!?
Wah!
Don't!
Pochi
あ
Pochi
Give him back!
Wind Blade
STOOOP!
Stop!
ちょ
Don't!

Kazu-kun
.....
I thought it was really noisy out here,
What are you doing?
Nothing much,
You know that whenever I find something I don't understand, I will investigate until I'm clear what it is
But no matter how you put it, this has become a big incident
Wait!
ひょい

ぽんっ
Ah.
Kazu-kun, Thank you
Don't worry,
Say,
ぎゅっ
あ、
She shouldn't have had ill intentions,
Sorry
What exactly is that?
Forte
ぎゅいっ

I'm asking you what that is.
This girl, once she encounters something like this, she's so stubborn.
I told you, Pochi
Forte, That's e demon beest
Pochi, is Teiru's precious family.
That's not what I'm asking.
Huh?
Didn't you say before, containing high dense magical power, a living demonic weepon that is able to change shape, e "demon beast"
What ere you talking about
it should be that kind of demon beast.
Kazuma,

HUUUUUUUUUUUUUUUUUUUUUUUUH?
How could there be demon beests,
thet's obviously made up.
Hey?
MADE UP... no wey right?
If those really existed it wouldn't be interesting,
not to mention, how can living things become weapons, do you know how hard it is to change as one pleases? If you used your brain a little you'd be able to see?
How can I see so much?
What is Pochi?
This girl, what other lies did she tell me
Well, then—
?
?
Heh?

Teiru needs to go to the bethroom!
What is its structure?
Still must dissect
Ah,
Beceuse it's e demon beast, so it can become a weapon,
just like the hammer just now
Since it's like this,
Pochi is someone who has lived with her for e long time like family,
so you definately cen't do thet
Wait, Teiru? Why are you running so fast.
Ah, she got away,
Deng Next time I'll figure it out
I told you you can't do that
Then you take its piece and let me dissect you
WHY?

What are you saying?
It's the first time I've seen something like that,
What is its makeup
?
What is it made of? It usually moves so it should be an animal
That's not a animal or beast,
it's not even living
Huh?
Hmm?
It has no living response,
it is not a living being
That's why what originally said,
was not "dissect" but "take apart"

not to mention there are many never before seen magics,
existing on it's body.
Pochi has a normal body temperature, and very neturel movements.
Wait!
That's why I went to take it apart to see its structure.
.....
I already said you can't do that!
Ah, taking it apart to investigate is still the best idea
it's most likely someone's original magical creation...
What exactly...
Is it?
But seriously,

Yue Trans(lations)

Translator: Yue Er

Okay, so I lied, this chapter isn't 40 pages. I wasn't really paying attention when I read it and all so I thought it was 40 pages. 12 pages of it was actually a preview for futures stuff, though it was pretty funny. I won't be translating that.

Well this should end volume 4 which means I won't have to headache over Japanese other than when names/new characters are involved. Which is a huge plus for me. Also I found out that japanese raws are being released at a rate of 1 chapter every 2 months. A somewhat slow pace. But since there are alot of backlogged chapters, it will still take quite a while to catch up with my current pace of 1 chapter per week.

Hope you keep enjoying them until I do catch up.

ネタということでひとつ、温かく流してやって下さい…;;
一応どうしてもコレはムリ!;;という最低限のトコロだけは
描き直したりします。ホントは全部描き直したい…;;
にしても、予告編から触手ネタ…;;本編でも使ってますが
決して、触手好き!というワケではないです;;ないんです;;
…もちろん嫌いじゃないですが(笑)

それなこんなで(?)ぷちはうんと、まだ続き
ますが、また次巻でお会いできたら
